* Notes Regarding Covered Conditions

MetLife will not pay a benefit for a Covered Condition that is diagnosed prior to the coverage effective date.

In most states there is a preexisting condition limitation. If advice, treatment or care was sought, recommended, prescribed or received during the three months prior to the effective date of coverage, we will not pay benefits if the covered condition occurs during the first six months of coverage. The preexisting condition limitation may not apply to all covered conditions and may vary by state. Refer to the Certificate of Insurance for detail.

Health Screening Benefit MetLife will provide an annual benefit of \$50 per calendar year for taking one of the eligible screening/prevention measures. The Health Screening Benefit is not available in certain states. Please review your Disclosure Statement or Outline of Coverage/Disclosure Document for specific state variations and exclusions around this benefit.
